'Lady From Cheyenne' Coming

Loretta Young and Robert Preston as they appear in Frank Lloyd's frontier comedy production, "The Lady from Cheyenne." The story, based on historical incident, deals with early Wyoming and a lone schoolteacher's fight for feminine emancipation during the lawless era. Prominent in the supporting cast are Edward Arnold, Gladys George, Frank Craven and many other cinema favorites. Companion feature is "There's Magic in Music," starring Allan Jones. Both features play Sunday and Monday at the Redwood Theater.

Walls, Fences Limited Under Newest Proposal

An ordinance that would regulate the height of fences and walls on residential property of the city was introduced Monday at the meeting of the Redwood City City Council and seemed certain of ultimate adoption after objectionable features of a draft presented two weeks ago had been eliminated.

Eliminated from the ordinance as introduced on Monday was a clause that would bring hedges into the same category as walls and fences. Because it was indicated by City Atty. Albert Mansfield that the ordinance would be retroactive, much opposition developed against any plan that would result in the destruction of hedges and other shrubbery that already had been grown by residents.

HEIGHTS LISTED
Under the new draft, fences and walls on rear property lines will be limited to a height of 6 feet and the same height will be required on sidelines between the rear line and setback lines. On street fronts and on the sides between the front and setback point, the height will be limited to 4 feet.

City Treasurer Clarence W. Ellingham informed the council that there was \$145,000 of city funds in inactive accounts on deposit at a 1/2 per cent interest and he believed some of this money could be transferred to gain a higher rate. He was authorized by the council to investigate possibilities.

Bills against the city in the amount of \$22,712.22 were ordered paid. Application of Anthony P. Perry to establish a bowling alley at 2730 Broadway was laid over until the Sept. 2 meeting on motion of Councilman Floyd D. Granger who said he believed Perry should appear before the council in person with his request.

R. L. Martin, operator of Redwood City Bus Lines, failed to appear for final hearing in regard to a franchise he is negotiating with the city. This matter also was put over until the September meeting and City Manager Dimmitt was told to see to it that Martin was present at the meeting.

Train Starts Fire; Baled Hay Destroyed

Six tons of baled hay piled in a field near the Belle Haven City underpass on Bayshore Hwy., south of Redwood City, were destroyed Sunday afternoon by a fire traced to a hot box on a passing train.

Firemen from San Mateo County Forestry Department said the fire started in dry grass next to the railroad tracks, burned over about two acres of stubble and ignited the baled hay, on the west side of Bayshore Hwy.

Snowflake, Ariz., was named for its founder, William J. Flake, and a friend, Erastus Snow.

Thousand Attends Dedication Rites Of New Coastside Road Unit

PESCADERO — Tempted to speed because of the gentle grades, broad curves and wide, smooth pavement of the new sector, motorists today were gliding over the 8.8-mile Pescadero-San Gregorio unit of the Ocean Shore Hwy. which was opened for traffic and dedicated at rites Sunday.

Under a sunny sky, the dedicatory rites were held on Pescadero Bridge shortly after 11

o'clock as nearly a thousand people, many of them city, county and state officials, looked on.

Separating symbolic fish lines attached to bamboo poles which blocked the highway on the bridge, Morgan Keating, assistant director of public works, on behalf of Governor Olson and Works Director Frank W. Clark, dedicated "this road to public use" in "the name of the governor of California, the director of

public works, the supervisors of Highway District 9, the supervisors of the three counties, and the people."

Lending color to the affair were the uniformed drill team of Pescadero's Native Daughters of the Golden West; the uniformed Half Moon Bay Volunteer Firemen's Band, and a mounted unit from Pescadero, which finished crossing the bridge upon separation of the fish lines, each of

which was attached to a wooden fish. Traffic, which had backed up behind the cars of people attending the ceremony, was then allowed to cross the bridge also.

Speaking briefly at the rites opening the \$500,000 road which replaced a winding 11-mile sector were Supervisors John W. Ratto of San Francisco, Alvin S. Hatch of San Mateo County and George Morgan of Santa Cruz County; Division Highway Engineer John H. Skeggs; State Senators Harry Parkman of San Mateo County and H. Ray Judah of Santa Cruz County, and Principal Edwin Willman of Pescadero High School.

The ceremonies, arranged by the Pescadero Junior Chamber

DISASTER RELIEF MEET

A revised agreement for establishment of a Three Cities Disaster Relief Council will be discussed at a meeting of Burlingame, San Mateo and Hillsborough officials in room 3, San Mateo Civic Center, at 4 p.m., Friday.

of Commerce, were followed at the IDES grounds by a barbecue consisting of steak, beans, salad, coffee and cake.

Virtually all San Mateo County's elective officials were present, as were a number of city officials and civic leaders of the various communities on the Peninsula.

Jimmie Davis' Band Set for Dance Here

Jimmie Davis, young dance maestro who had the good fortune to become a success overnight, will entertain dance lovers at another of the Summer series of outdoor dances on Saturday evening.

Davis and his orchestra will play at the pavilion at the recreation center and the money raised at the dance will go toward the recreation fund that has been started by the recent July 4 celebration.

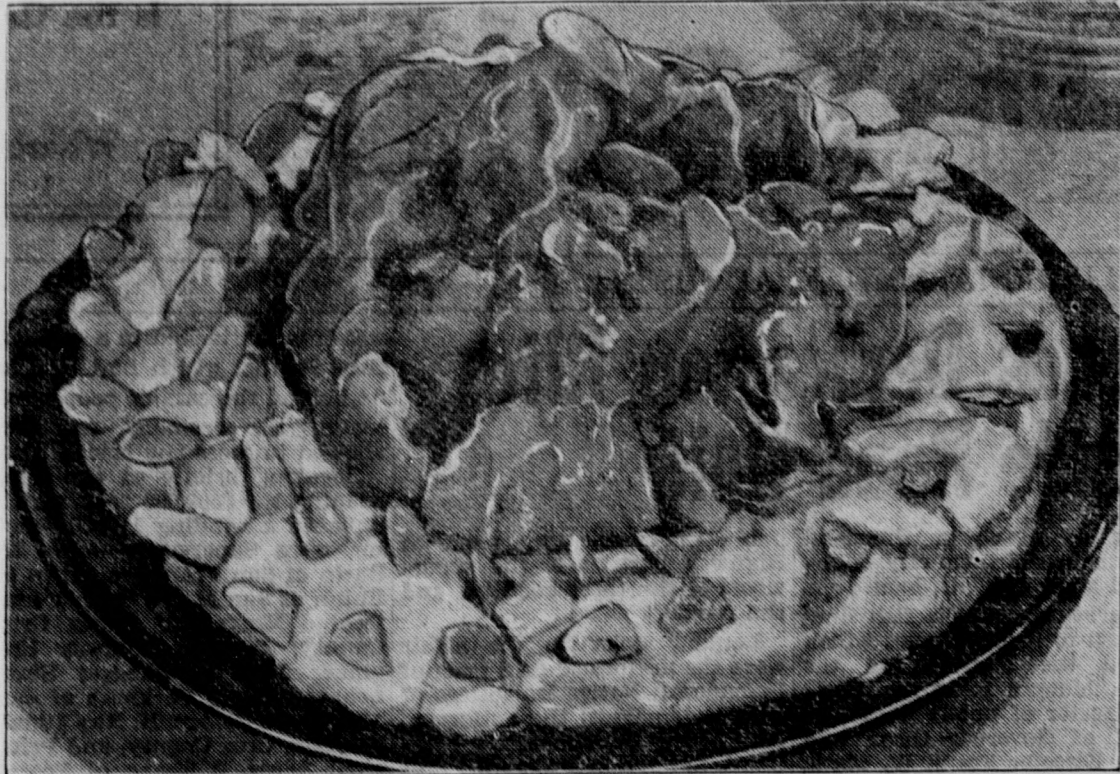

Davis studied dentistry at the University of California but his campus orchestra became so popular that he was given an engagement at the Bal Tabarin in San Francisco and his success there resulted in engagements in other leading spots during a tour of the Pacific Coast.

Since then his rise to fame has been steady and he has completed successful engagements at the Palace and Mark Hopkins Hotels in San Francisco.

The committee in charge of arrangements for the coming dance has announced it believes Davis' appearance here will provide one of the most enjoyable evenings dance fans have experienced during the Summer program.

More than half of the arable lands of Japan are devoted to rice production, the Department of Commerce says.

Dress Up Your Ice Cream Desserts With Brazil Nuts

THERE'S nothing like ice cream in summer for desserts or between meal cooling, but even ice cream can be dressed up for a more tempting service. A meringue ring with ice cream inside, both boasting sliced Brazil nuts, is one luscious way—and how you do it is elsewhere on this page.

Neutral Sweden has lost 300,000 gross tons of shipping during present war, the Department of Commerce says.

American citizens! Heed the declaration of emergency by our president! Buy Defense Savings Bonds and Stamps regularly.

Charter Committee Reports Progress

Members of the county charter study committee appointed jointly by Fred Beer, chairman of the board of supervisors, and Frederick Peterson, county executive, held their fourth meeting Tuesday at the courthouse and continued their study of possible changes in the charter. Henry Witte of Redwood City, chairman of the committee, stated today that the group had made rapid progress in gathering material for possible amendments that will clarify the charter and eliminate possibility of friction in county government.

PUBLIC NOTICE

Frank Loughran, Atty. NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE No. 58432, Dept. No. 10

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE CITY AND COUNTY OF SAN FRANCISCO.

In the Matter of the Estate of THOMAS LOUGHRAN, Deceased. NOTICE IS HEREBY GIVEN that the undersigned, FRANK P. LOUGHRAN, Administrator of the Estate of Thomas Loughran, Deceased, will sell at private sale to the highest bidder, subject to confirmation by said Superior Court, on or after the 8th day of September, 1941, at the office of Frank Loughran, attorney for said administrator, at Room 419, Kohl Building, situated at the corner of California and Montgomery Streets, San Francisco, California, all the right, title, and interest of said deceased, at the time of his death, and all the right, title, and interest which said estate has acquired by operation of law or otherwise in addition to that of said deceased at the time of his death, in and to those certain lots or parcels of land, situated in the City of Redwood City, County of San Mateo, State of California, particularly described as follows, to-wit:

Lots 101, 103, 105 and 106, as designated on the map entitled "MAP No. 1 OF SUBDIVISION No. 2 OF A PORTION OF WELLESLEY PARK SAN MATEO CO. CALIFORNIA," which map was filed in the office of the Recorder of the County of

San Mateo, State of California, on June 20, 1890, in Book "B" of Maps at page 46 and a copy entered in Book 1 of Maps at page 78.

EXCEPTING from said Lot 106 the Southeastly 10 feet thereof, as described in Deed to F. C. Brandenburg, dated August 13th, 1931, and recorded August 12th, 1931, in Book 531 of Official Records of San Mateo County at page 373.

Terms and Conditions of Sale: Cash in lawful money of the United States; ten per cent of the amount bid to be paid upon acceptance of bid, to be returned to bidder if such bid be not confirmed by said Superior Court; balance on confirmation of sale by said Superior Court.

All offers or bids for said property must be in writing and may be left at the office of said Frank Loughran, Room 419 Kohl Building, situated at the corner of California and Montgomery Streets, San Francisco, California, or filed in the office of the Clerk of said Superior Court, at any time after the first publication of this notice and before making said sale.

Dated: August 21st, 1941.
FRANK P. LOUGHRAN, Administrator.
FRANK LOUGHRAN, Attorney for Administrator of said Estate, 419 Kohl Building, San Francisco, Calif.

1390 FHA Homes Built In County This Year

With 1390 FHA-financed new homes constructed during the first six months of 1940, according to Douglas Manuel, production manager of the Federal Housing Administration in San Francisco, San Mateo County again achieved an outstanding record of development.

Marin County during the same period built only 163 FHA-financed homes; Alameda County, including Oakland and other East Bay cities, with approximately four times the population of San Mateo County, registered only 189 more homes than this county.

Construction in proportion to population gave San Mateo County a still more impressive record. As an example, in the

City of San Mateo, homes were constructed at the rate of 338 per 10,000 population as compared to Oakland's 55.5 homes per 10,000 population. Berkeley's corresponding figure was 42 homes.

This analysis, by San Francisco Peninsula Inc., does not include homes financed by banks and other lending institutions not cleared through FHA, which of course would swell the six

There are about 100,000 filling stations on the eastern seaboard. They supply more than 10,000,000 automobiles with about 7,500,000,000 gallons of gasoline a year.

In high water periods the Orinoco River in South America is navigable for 1000 miles.

months' construction of new dwellings to considerably higher totals.

Johns-Manville Journal

J-M Aids U. S. in More Ways Than One

J-M FAMILY ALBUM

UNITED FOR DEFENSE—Above are shown Vincent Turner, maintenance machinist at J-M's Manville, N. J., plant, and Albert Felix Eichhorn, New York district sales representative of J-M, looking over the special national defense issue of Johns-Manville News Pictorial, employee magazine. J-M's vital part in the mammoth defense effort of the United States was depicted graphically in the special issue.

Well-Earned Security

During the past month hundreds of special meetings have been held at Johns-Manville plants and sales offices to launch the company's retirement plan which went into effect on July 1.

The purpose of the plan is increased security for the future of all Johns-Manville employees when it comes time to retire from a job well done. It was drawn up to supplement the benefits provided under the Social Security. All employees on regular plant and salary payrolls with two or more years service with the company are

Pays Big Tax Bill, Works Night and Day On Defense Production

Johns-Manville is helping to the hilt on defense work. In more ways than one.

Not only are we working three shifts a day on defense materials, but we are paying "three shifts" a day on taxes.

Our taxes for the first half of 1941 were THREE TIMES AS HIGH as for the first half of 1940.

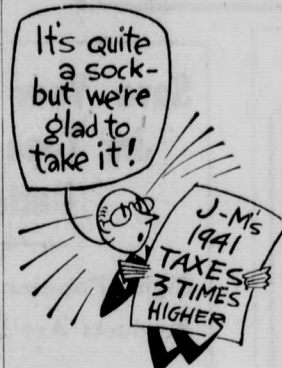

In cold figures, our total taxes—federal, state and local—were \$5,355,623 for the first half of this year—or three times our tax bill of \$1,774,395 for the first half of 1940.

This equals \$383 per jobholder (more than \$1 a day), compared to \$127 per jobholder for the same period in 1940.

And in the same months we laid out one-third more in wages and salaries, and one-third more for raw materials and other costs.

It's our duty to pay taxes and we're glad to work and shell out for Uncle Sam, but in view of 'em, we and our workers must watch pennies on other items of expense, and must reduce waste in every possible way.

But while we're doing this, our only hope is that the government will aid matters by cutting down on non-defense spending as much as possible.

Asbestos Cloth Fooled Caliph

Eleven hundred years ago the Caliph of Bagdad threatened to use his powerful army against Charlemagne. So Charlemagne invited the Caliph's envoys to see him and held a banquet in their honor. At the end of the banquet Charlemagne tossed the tablecloth into a fire and then withdrew it unharmed.

The envoys returned hastily to Bagdad and told the Caliph not to war with Charlemagne because he was a magician.

The Caliph did not know that Charlemagne's tablecloth was woven of fireproof asbestos fibres.

RULES OF CONTEST

This contest will run for 13 consecutive weeks. This page of nationally known products will appear each Thursday evening in the Redwood City Tribune. The cans, cartons, bottles, etc., of the products advertised on this page must be brought to the Newspaper Contest Editor at the office of the Redwood City Tribune so your votes may be tabulated and registered under your name. Each contest worker will receive a receipt for each turn-in and the turn-in days are Tuesday and Wednesday of each week.

Absolutely nothing but the labels or vote getters mentioned in each ad on this page will be accepted for votes. No labels, cans, bottle tops, etc., which are rusty, damaged or plainly not of recent purchase will be accepted. The decision of the Contest Editor in this regard will be final.

Anyone residing in the area of Menlo Park to San Carlos, inclusive, is eligible to enter the Contest except employees of the newspaper or members of their families. The contest will officially close and no turn-ins will be accepted for credit after 11 o'clock Saturday, November 22nd. Prizes totaling \$125 will be awarded on Wednesday, November 26th. Awards will be made according to the final standing of the contestants and the decision of the judges will be final.

Local, M. P. Men Leave For Army Induction

Two young men left Redwood City Tuesday for induction into the army as members of the Redwood City Draft Board's 15th call quota. Those who left by train were Wyatt Duncan, 451 Myrtle St., and George Rodriguez, who resides in San Francisco.

Although a quota of four was set for the call, two other prospective selectees secured last minute deferments—one because he wanted 30 days to complete his job, and the other because he is employed in San Francisco by a firm which is producing minesweepers for the navy. The latter case was referred to the appeals board by the draft board for a decision.

A third young man, Jesse F. Williams, 425 Redwood Ave., left with the local contingent as a member of the Watts quota.

Menlo Park Draft Board, with a quota of one man, sent none. The single man, John F. Hummel of 1281 Laurel St., was deferred because he has applied for enlistment in the navy.

Those deferred temporarily were Charles N. Baker, 108 Edge-

County Gets \$66,824 From State Auto Fund

San Mateo County will receive \$66,824 as its share of the state motor vehicle registration fees which were divided among the counties this week. This county's share of the money, which must be expended for road building and maintenance, is based on a registration of 48,073 vehicles. Of the \$8,248,794 fund collected by the state during the first six months of this year, half goes to the department of public works and the other half to the 58 counties. It is the largest single amount ever divided and exceeds by nearly \$112,000 the apportionment for the entire year of 1940.

Hatch covers are the most frequent source of accidents on American merchant vessels, the Department of Commerce finds.

Dutch East Indies tobacco growers now are shipping most of their crop to New York.

Hill Dr., San Carlos, employed in San Francisco in minesweeper construction, and Roy E. Baxter, 1453 Jefferson Ave.

**Electric Cookery
is "CLEAN" as
Electric Light**

Millions Now Enjoy Electric Ranges!

Have a picture book kitchen, clean and bright and modern. Start right with a modern electric range. Select any one of the new models from a variety of makes. They are all good ranges. They are all priced reasonably low. And anyone of the new 1941 models will cook with all the speed you would want food to cook. Then no matter if your kitchen is painted white or some light cheerful color do not worry about the paint getting smudgy and dirty looking in a short time. Your electric range cooks with heat from glowing coils that are clean and dependable as electric light.

Millions of American women now cook the modern electric way. They like the simplicity of operation of the electric range. They like the way the top units come up to cooking speed quickly at the snap of a switch. They like the perfect broiling and roasting in the ovens. They like the automatic time and temperature controls that take care of oven dinners or baking. And they like the economy of electric cooking, too.

Why not cook the modern way...with electricity? Here in California electricity is cheap for cooking. You will be amazed at how little it costs to operate one of the new 1941 electric ranges.

TIMES-GAZETTE

Established 1859

REDWOOD CITY, SAN MATEO COUNTY, CALIF.

D. E. O'KEEFE, Owner and Publisher

Published Every Friday in Redwood City, Calif.
570 Jefferson Ave. Telephone R. C. 1640Subscription Rates
One year, in advance \$2.00
Entered in the Postoffice at Redwood City as Second Class Mail Matter.

The first so-called depression in the United States was the one of 1785 to 1789. Saudi Arabia consists almost entirely of deserts.

Fred Walker Elected To Bank Group Office

Fred Walker of the Redwood City First National Bank was elected vice president of the American Institute of Banking, Peninsula Chapter, at a meeting of the board of governors in San Mateo this week. He replaces Philip Clarkin, formerly of Redwood City, who has been transferred to the Salinas branch of the Bank of America. John Utschig of Burlingame was appointed to fill Clarkin's place on the board.

Plans were made for courses for Peninsula bank employees, to be held at Sequoia High School starting next month.

Attending the regular board of governors' meeting were Frederick Silvey of the Bank of America, Redwood City branch, president; James Cross, Bank of America, San Mateo branch, secretary; Larry Wright, National Bank of San Mateo, treasurer; Mrs. Julia Davis, Bank of America, San Mateo branch; Fielding McDearmon, American Trust Co., Redwood City branch; Eldon Mable, Bank of America, Palo Alto branch, and Walker.

The Peninsula branch of the American Institute of Banking includes all bank employees from South San Francisco to South Palo Alto.

Mr. and Mrs. Walker and Mr. and Mrs. Wright will attend a Northern California Officers Conference at Petaluma Saturday afternoon and night.

Chile's death rate is 25 per 1,000, more than twice as great as the United States'.

Ravenswood School Fire Under Probe

MENLO PARK—A fire of suspected incendiary origin threatened serious damage at the Ravenswood School Monday, but was extinguished by equipment and crews of the Menlo Park Fire District before it could spread beyond the east wing in which it started.

Fire Chief Thomas F. Cuff estimated damage at \$250. The entire building is valued at \$170,000, including a new wing and equipment valued at \$11,000.

Chief Cuff said the blaze started at the door of the east wing of the building where shavings or other type of flammable material apparently had been placed. A large hole had been burned in the floor and flaming bits of wood had dropped into the basement, where a quantity of paper was stored, when the blaze was discovered.

Seventeen-year-old Jess Murga discovered the fire as he was riding past on his bicycle. He informed the Ravenswood Fire Department, which is stationed across the street from the school. Two trucks from Menlo Park headquarters aided in controlling the blaze.

Ben Glendenning of the arson division of the Board of Fire Underwriters in San Francisco will investigate the circumstances of the fire, Chief Cuff said.

Janitors in the building said there was no pile of rubbish at the door yesterday afternoon when they swept the east wing.

Care of Crippled Is Institute Theme

An area institute for lay and professional persons interested in the care of crippled and disabled will be held at the Palace Hotel in San Francisco at 1:30 p.m., Sept. 4. It was announced today by Mrs. LeRoy Schlesinger, secretary of the San Mateo County Society for Crippled Children.

The institute will be held under the auspices of the California Society for Crippled Children, with Mrs. T. E. Shucking, president of the San Francisco Guild for Crippled Children, as chairman.

Mrs. Schlesinger said that the purpose of the institute will be to inform the public of services available to crippled children and physically handicapped persons, and how these services may be obtained. Similar institutes will be held in San Diego, Los Angeles, Fresno and Weed. They are open to the public free of charge.

sons, and how these services may be obtained. Similar institutes will be held in San Diego, Los Angeles, Fresno and Weed. They are open to the public free of charge.
